

# Favorite Fiends: A Best Fiends Song

## Random Encounter

Every fiend's got its assets  
Some may come as a surprise  
Kwincy's plucky and bulbous  
And has an excess of eyes  
Some folks love to play Tantrum  
Others Edward, Bob, or Gene  
Me, I'm all about Brittle  
Cause Brittle is the best fiend

Our favourite fiends  
Have got our back  
They're small, but brave  
And they're cute  
They pack a punch  
With each attack  
Use the tiles to  
Form the perfect stack

When I need to make matches  
Moose is who I love the best  
Sure, the hat's a bit tacky  
But his bomb's above all the rest  
Howie's more than a lizard  
He's a fiend with quite the brain  
Turn him into a wizard  
And master all things arcane

And every fiend  
Has something new  
So don't be shy  
Try them all  
And once you know  
A fiend or two  
You may find some more  
So go free a few

Dark, silent, and brooding  
One fiend stands alone  
Lo, Temper, will save you  
From slugs on your phone

Some fiends are strong  
Some fiends are sly  
Some fiends are banes  
Of the night  
Some fiends are cool  
And some are shy  
But no matter what  
Fiends are on your side

Test some fiends  
Find the best of fiends  
Who would guess these fiends  
Are our type
