

## Five Nights At Freddy's: Night 3

### Random Encounter

It's been 7 years  
Since I've worked at this place,  
A part of my life  
I much regret.

Saw kids burst in tears  
A bear start eating a face  
I tried to move on and just forget.

But YouTube ad rev. isn't all that great.  
So...

Hey, where's Bonnie?

I haven't seen him.

What could this be?  
It wasn't here before.  
It's bigger than me.

Maybe it's a big box.

Obviously,  
It's full of party favors!

Pickles!

Ponies!

Pizza!

The Pox!  
What?

Falling asleep  
Until a phone starts ringing  
Six inches deep  
Beneath the mess on my desk!

Why would they keep  
A rotten cupcake up here!?  
Creepy and grotesque.

Maybe we shouldn't touch it.

Why not?  
It's just a shady crate.

It could be corrosive.

Or even explosive.

And nobody knows if it's not safe.

Fine, okay.  
Just give me a minute.  
I'll wrap it back up and-

Uh-oh.

Camera's gone dead,  
And now I'm wondering  
If it's all in my head.

Yes, it's all in your head!

Bonnie, you said  
It'd only take a minute.

Maybe it took him instead.

What should we do!?  
I'm good at panicked screeching.

Let's look for clues.  
Bonnie's got to be near.

Chica, would you  
Go look inside the kitchen?  
How could he just disappear?

Where's she going?  
Screen's not showing.  
Coulda sworn that camera was fixed.

Foxy, can you help me?  
I need you, please, to tell me  
Where Bonnie is before it turns 6.

Why's Bonnie here?!  
And why's he tied up!?  
What's that sound in my ear?

It's 'cause the music box stopped!

Chica?

Oh dear!  
Watch out! He's coming for you!

Good thing this door can be locked.

Don't worry!  
I'll save you!

You've gotta be kidding me.

I changed my mind.  
Run away!

Got nowhere to run  
And I've got no place to hide!  
Got no chance to fight  
Or even pray!

He's got to be stopped!

He's too destructive to live!

Watch out for the fan!

What did he say?

He said, "Watch out for the fan!"

A little help would be great!  
My face is about to be filleted!

Look!  
The Puppet is here  
To send him back in the crate.

Watch out for your strings!  
Too late.
