

Just Monika: A Doki Doki Literature Club Song

Random Encounter

Welcome to our meeting!
Are you into reading?
No need for being coy!

We'll improve your uptake!
Have a friggin' cupcake,
And must you bring a boy?

Time to write some poems!
Don't be scared to show 'em;
The festival's days away!

You could help with baking-
Or with banner-making!
And I'll... walk home alone today...

Maybe we're friends...
Maybe we're more...
How could he love a simple girl next door?
I'm just not the type he's looking for...

Hey, Sayori, you doing okay?
I'm having a difficult day...
I'd say! You seem pretty lonely...

I wish I could make her grin,
All she wants are things back the way they've been...
She's depressed and stressed and she's feeling blue,
So I don't want Sayori hanging around you!

Just Monika! Just Monika!
Just Monika! Just Monika!
Just Monika! Just Monika!
Just Monika! Just Just Monika!

Manga is my passion.
Don't you dare be bashin'!
The writing's got finesse!

Maybe you should borrow
These until tomorrow...
-Were you looking up my dress?!

Let's go read a story!
What about Sayori?
Let's talk about me instead!

I've been learning piano!
And I sing soprano!
And I can't get you out of my head...

Can't look away...
Can't help but blush...
Where did I get this overwhelming crush?
It's sharp as a knife and twice the rush!

Yo! There's something I think you should know!

I've never seen Yuri so-
-sAnE aNd cHiLL aNd sTiLL kinda sweaty...

And I don't mind cutting to the chase:
I'm in love with you and your gorgeous face!
That's a sentiment I can't allow,
So my dear friend Yuri is getting the point now!

Just Monika! Just Monika!
Just Monika! Just Monika!
Just Monika! Just Monika!
Just Monika! Just Just Monika!

Could you have guessed?
Maybe you knew?
Natsuki is next;
I'm deleting her, too!

We don't need cupcakes or poems or tea;
I only need you to love me!

Hey... There's no one else in our way...
So look at me and just say
Right here, my dear,
That you love me.

And we'll sit here 'till the end of time,
Cause I've earned this and you're finally mine!
And I'm sorry what you've had to see,
But it no longer matters, cause now you belong to me!

Forever! Forever!
Forever! Forever!
Forever! Forever!
Forever! FOREVER!
