Random Encounter

I'm Shaquille O'Neal, Limbo game is trash  
Want some combos? Nah I'm here to button mash  
My homie Keyori is an alien cap  
It's kinda messed up, bro what's up with that?  
My boy, he a beast, always got my back  
With his butt-ugly face and mighty claw attack  
The graphics are shoddy, the controls are poop  
I should probably stick to playing games with hoops

Shaq Fu (gonna beat you at)  
Shaq Fu (I'll defeat you at)  
Shaq Fu (ladies preach about it)  
Shaq Fu (let me teach you 'bout it)

Ayo, Blueface is on the scene  
Either my screen is tripping or this homeboy is green  
Hey Bluey, how you doing? Call me at least  
Ah, this honey just turned into a beast  
Barks of beefstock, I'ma take this mean fatty  
And turn Mr Meat into hamburger patties  
No one bought me [?]  
Slap my name on [?] 'cause in Shaq Fu I trust in

Shaq Fu (I got big regrets)  
Shaq Fu (like I lost a bet)  
Shaq Fu (who the fuck is that?)  
Shaq Fu (is this over yet?)

[?] got moves that are worse than his chicken  
I can spit hotter rhymes that are still finger-licking  
Don't mess with [?] he keeping it real  
He'll eat you for breakfast in a unhappy meal  
This [?] loose  
Said [?] and say hi to Tom Cruise  
[?] and the beats are lame  
Tell me why the Shaq did we make this game?

Shaq Fu (what a bad decision)  
Shaq Fu (nothing but a crap religion)  
Shaq Fu (like bio emission)  
Shaq Fu (oh, [?])
