

# Going Home

Randy Newman

Going home  
Going home  
Oh the dark night is over now  
I'm going home

To the land I love  
To the land I love  
And the one girl who waits for me  
I'm going home

I will cross the sea  
I will cross the sea  
I am going home forever  
I'm going home

Going home  
Going home  
Going home
