

## Still, Small Voice

Randy Stonehill

I have heard a still, small voice  
That's whispering "I Am, I Am, I Am  
Have you heard a still small voice  
Whispering, "I can, I can, I can"  
"If you'd only believe"  
If you'd only believe"  
"If you'd only believe that there is love"

I have heard a still, small voice  
That's whispering "Tonight, tonight, tonight"  
Oh oh oh oh  
And if you hear that still, small voice  
Whispering, "It's right, oh, it's right, it's right"  
"If you'd only believe"  
If you'd only believe"  
"If you'd only believe that there is love"

Oh you can tell Him all your sorrows  
Come and tell Him all your dreams  
Tell Him your dreams  
He could give you your dreams

I have heard a still, small voice  
That's whispering, " I Am, I Am, I Am"  
Oh oh and if you hear that still, small voice  
Whispering, "Oh, He can, yes He can, He can"  
"If you'd only believe"  
"Oh, only believe"  
"If you'd only believe that there is love"  
There is love, oh yeah, there is love  
And it's waiting for you

And I really believe, oh yes I do  
Really believe, oh, I really believe  
That there is love  
Really believe that there is love  
Hey, yeah, really believe that there is love  
I really believe, oh oh  
Yes, I really believe that there is love  
Really believe there is love
