

Our King

Randy Travis

About a thousand years before it came to pass it was said that
it would be

A virgin would be found to be with child and give birth to our
King

And they laid Him in a manger in the town of Bethlehem

Born there in a stable 'cause there was no room in the Inn

And when He grew to be a man He began to teach

He came just for you and me to set the captives free

And He gladly gave His life for us, without one word He died

So we could live forever in Heaven by His side

And He gladly gave his life for us, without one word He died

So we could live forever in Heaven by His side

And all He asks of you and me is simply to believe

That baby boy in Bethlehem truly was our King
