

Someone You Never Knew

Randy Travis

She's stubborn as a stone
Got a mind of her own
She'll cuss without blinking an eye
If you dare to begin it
She'll fight to the finish
So it's best to not even try

She's sin serious
A little mysterious
No telling what she'll say or do
With the soul of a poet
But you wouldn't know it
She's someone you never knew

She was in your arms
But you never held her
The treasure you let slip away
Oh, and all those years
That you didn't see her
She was right there in front of your face

She's a rose, she's a thorn
She's the eye of the storm
She's a night you don't want to sleep through
And she loves to be loved
But to you, she was just
Someone you never knew

She was in your arms
But you never held her
The treasure you just threw away
Oh, and all those years
That you didn't see her
She was right there in front of your face

Now he knows why she smiles
Knows why she cries
When she's lying or telling the truth
She's his heart, she's his flame
But to you, she'll remain
Someone you never knew
She's someone you never knew
