

No Make Up On

The Ranger\$

Uh, you look good with
No make up on, you
Look good with your
Sweats on and your tee
On and your hair tied,
Baby let's go, ya dig?

You still got it baby,
Your look is fly, you
Don't need no make up,
You ready to ride, white
Tee with your sweats on
You still looking fine with no
Make up on, with no make
Up on, with no make up on

With no make up on...

Sweats on in the
Morning, finest can be
With no maybelline, lolus
Vuitton bra on when she
Comes out the sheets
I swear she always please me,
She never wanna tease me,
How many girls you know
Look fine

With a white tee on, as
You can see she can ride,
Whenever she can cause she fly
30.000 feet up with me up
In the sky
And she understand that I'm
The one she can't deny, so
With me make up on I'm a have to...

My girl don't need
Cosmetics, like a star she
Shine that's why these
Others jealous and they
Gone try and take her
But by my side, she gone ride
And all these other lames jus
Know my baby gone gone deny for real

You still got it baby,
Your look is fly, you
Don't need no make up,
You ready to ride, white
Tee with your sweats on
You still looking fine with no
Make up on, with no make
Up on, with no make up on

With no make up on...

My girl look good
With no make up, sh-
She even lokk good
When she wake up,
Yeah she bad kitty fad
Something that these niggas
Can't have, nigga you wish
Your girl could have an ass
Like that huh

Ain't even gotta put her
Best on, she look good
With her hair tied and
Sweats on, something
Like that drake song
Put our love face on then
Get it on to some other
Fucking trey song...

Ayee girl your beautiful,
So let your beauty show
There's no need for all that
Make up to let you know,
So honey stop trippin
Baby just relax and put
Down all that max, so
We can kick back...

You still got it baby,
Your look is fly, you
Don't need no make up,
You ready to ride, white
Tee with your sweats on
You still looking fine with no
Make up on, with no make
Up on, with no make up on

With no make up on...
