Mmmm mm mm Yeah Whoa Ay-ay ay ay

Somebody tell me What's going wrong I ain't seen my baby In far too long Somebody please tell me What's going wrong They say them ladies broke And my baby's gone Listen It's been a couple of days And real dark nights I miss my only child I ain't seen her since that night She left home about eight And never to return Our body's floatin' -Floatin' into that river

I gotta know
What's going wrong
I ain't seen my baby
In far too long
Somebody please tell me
What's going wrong
I ain't seen my baby
In far too long

I been searching all around Day and day and night Somebody please tell me I need to feel somebody So many souls crying How could it be?
'Cuz every step I take I can't think

Somebody tell me
What's going wrong
I ain't seen my baby
In far too long
Somebody please tell me
What's going wrong
I ain't seen my baby
In far too long

Please somebody tell me
What's going wrong
I ain't seen my baby
In far too long
Somebody please tell me
What's going wrong
I ain't seen my baby

In far too long
