

# I Know Shuggie Otis

Raphael Saadiq

Girl, I'm coming home soon (soon, soon, soon, baby)  
Sometime around June

I want you to listen when I say  
You gotta listen when I say  
Want you to listen when I say  
You gotta listen when I say

Some fall in love a day  
I found a love, darling  
But you're the only one that makes me fall apart  
Whatever you might say  
What challenge you eat today?  
I hope you're eating something that will feed your soul and mind  
I hope you're eating something that will truly feed your soul and mind

Look what you've done to me, baby  
It's true my personality  
Made me feel like I was the biggest man inside  
Now it's more clear to me  
'Cause this is where I wanna be  
I hope you're eating something that will feed your soul and mind  
Yeah yeah yeah yeah yeah yeah yeah yeah yeah yeah yeah
