## Rapsody

Hold your breath, count to three  
Make a wish, count to three  
Make a wish, count to three  
Hold your breath, count to three  
Make a wish, count to three  
Make a wish, count to three  
Make a wish, count to three

Yeah, imagination  
Oh No  
Rap Diddy  
Yeah, imagination  
Imagination, imagination

Uh  
Every day lo-lost in imaginings  
Going with the flow like paddling  
Was never ever part of my little mighty scheme  
Had a dream to be like dude off the gravel team  
Roc-a-Fella, now rock it like gasoline  
Matches for it like slashes, dreams happening  
Fat kid fastening  
Ramadan, uh, how I hunger for the crackling  
Pop sounds see me travelling  
Champ ships since I was a small kid, doing somersault flips  
I was battling and imagine every player with a sword under tongue slayer  
Pirate team  
Lost in imagining  
Imagining is now wanna live like a lavish queen  
Childhood dreams  
Now it's real life, flow is what I'm mastering

Yeah, imagination, imagination  
Imagination, yeah, imagination  
Imagination

Never play doll, tea partying  
But I will serve a couple words flow startling  
Harboring skill modelling, the lottery, pics  
New Jerz from the bricks still following  
The night mini mites on my mind taking flight  
On a kite, damn, ain't life ice-ning  
With the sweet dreams that I'm iphelling on, leaning on  
Bet I slept, every Don Cyphering  
Woke tightening, strike pens, lightning, writening  
Imagining that I flow like water for the Vikenings  
Lost in imagining, kings in my eyes of the side, grass never green, green  
See a whole another colour, see a whole another colour scheme  
So with that imagining I can be anything  
Shooting from the stars to the pistol rings  
Stuck in imagining, yeah still I dream

If you want to view paradise  
Simply look around and view it  
Anything you want to, do it  
Want to change the world?  
There's nothing to it

Yeah, imagination, imagination  
Imagination, yeah, imagination
