

Yes Lawd!

Ooowee

Ooowee

I bet you feel so high, got your head in the clouds but you still come around like

Ooowee

I see what you started, I know what you promised, you're owning, you're popping like

Ooowee

Soon as you put your feet to the ground I'll lace you with a pack of that load, some of that

Ooowee

Was the same back then as you are now, let's hope you stick around, come on

Ooowee

Yeh, I see you shining nigga, go and get yours, yeh!

Say, when you come around, don't forget about me

Ooowee

Yeh, it's your world, I see you shining nigga, go and get it

Ooowee

Make sure you see me nigga when you touch down, I'm still here

Fresh out the bed in my slippers, all my niggas is niggas

Brush my teeth while I figure how to get up on these riches

'Cause the Acura's rented and I need something more tinted

Hop in the whip and we been it, I call that whip Betty White

Whole white thing, like money they counting, I see it

Broke as fuck but we dreaming, out the window I'm leaning

Get out the lane, and when I get it ain't gon' change my nigga

I'ma still be the same regular ass nigga talking that

I bet you feel so high, got your head in the clouds but you still come around like

Ooowee

I see what you started, I know what you promised, you're owning, you're popping like

Ooowee

Soon as you put your feet to the ground I'll lace you with a pack of that load, some of that

Ooowee

Was the same back then as you are now, let's hope you stick around, come on

I'm a window for homies, I know all of 'em watch

Time and time again reminiscing, remembering blocks

I used to walk around on 'em it's been a while now we back

Gotta speak on the youth to throw all my dreams in the air

My mind a hula hoop going round but got nothing to spare

Nothing to waste, head in the clouds, like I was high on that grape

I'ma pull up in something ignorant, I promise just watch

Enough to make momma worry about them profiling cops

But I can't change I was raised by the old ones (oooh)

And when they see me they be like "what you know huh?"

Don't forget all your family and where you came from

Money change, the spirit shouldn't change none"

Yeh I know I'm dope, all my homies they do

So, who your sponsor? I told 'em I'm a monster like Luke Cage
Take a shot and watch me walk away with just juice stains
Used to tell me "you just wasting your time with them"
