

Anomaly

Rare Americans

I'm having a hard time, a hard time paying attention
To this past his prime, sweaty ass old teacher of mine
He's got a pit stained shirt, the guy seems allergic to work
Pristine, Sistine, Virgin Mary's, Jesus, and the Queen
We cuts out some guns, the President, and two giant thumbs
And one mass grave, man war is so fucking lame

Anomaly, anomaly
Now that's some shit you rarely see
Anomaly, anomaly
No you won't meet too many like-

Some say I am unique
Don't think before I speak
Odd may be my technique
But he made this place in a fucking week?
If there's a God, she's a fucking freak
If there's a God, she's a fucking freak

(1, 2, 3, 4)

Anomaly, anomaly
Now that's some shit you rarely see
Anomaly, anomaly
Now that's some shit you rarely see
Anomaly, anomaly
No you won't meet too many like, like, like-
