

Flip The Switch

Rare Americans

Last night, I has a full-blown
Breakdown, lights on, no one's home
I could barely control myself
I knew I had to find some help

Like, "Okay, fuck you, watch this"
Man, flip the switch
Like, "Okay, fuck you, watch this"
Man, flip the switch

Deep in the jungle, I drank the brew
I felt a magic I never knew
My childhood, my past memories
For the first time, I felt clarity

Like, "Okay, fuck you, watch this"
Man, flip the switch
Like, "Okay, fuck you, watch this"
Man, flip the switch

Ain't no time like today
Man, flip the switch
Ain't no time like today
Man, flip the switch
Ain't no time like today
Man, flip the switch
Ain't no time like today
Man, flip the switch

Yeah, it hit me clear as day
My craft is worth it in every way
She's my future, I know for sure
Can't wait to see what we've got in store

Like, "Okay, fuck you, watch this"
Man, flip the switch
Like, "Okay, fuck you, watch this"
Man, flip the switch

Ain't no time like today
Man, flip the switch
Ain't no time like today
Man, flip the switch
Ain't no time like today
Man, flip the switch
Ain't no time like today
Man, flip the switch

Man, flip the switch
Man, flip the switch

Man, flip the switch
Man, flip the switch
Man, flip, man, flip the switch
