

## Wayne's World 2

Rare Americans

(Schwing! Sch-wing!)

Let me take it back, before you came around  
Same bar, different names, I forget them all the same  
With an empty page, you got a clean slate  
I got lost, like a newbie on a New York train

She was skeptical bout what I do  
I was tryin' to be someone new  
'Cause two cats gotta groove to the same tune  
I learned that in Wayne's World 2  
Not 1 but 2

It's like living in a big fishbowl  
Turn on the radio, hits a little close to home  
Gotta learn to jive, and separate the lives  
I can't turn it off, I went as deep as I could dive

It took quite a bit of getting used to  
She was worried I'd find someone new  
But two cats gotta groove to the same tune  
I learned that in Wayne's World 2  
Not 1 but 2

No one is everyone's cup of tea  
We're all fish swimming in the same sea  
Looking for someone, looking for someone  
To make it a little less lonely

If it's meant to be, it will be

Riding through boulevards and avenues (Me and you)  
Getting lost to find something new  
'Cause two cats gotta groove to the same tune  
I learned that in Wayne's World 2  
Not 1 but 2

You know, 1's pretty damn good too
