

Brain Dance

Rarity

Stuck in a situation
I'm breathing chemicals
Shadows telling me to run, but I don't
I got the honest intentions
Keeping my foot on the pedal so I can make it home
But I'm still tripping from the brain dance

Tell me I'm fine, I'm okay, I'm alright
I'm moving too fast for my brain
Got to slow it all down
Stop time, try to stay between the lines
Red-blue, rear view, lines blurry
Got to slow it all down
Got to slow it all down
Got to slow it down

Breathing slowly, pick up and control me
Running on no sleep - think I stole a smoke
Hit the homies, sleep because I don't eat
Feeling like a car crash - hope I pass away
Roll the front of the car into a lake
Throw my body to god for heaven's sake

Tell me I'm fine, I'm okay, I'm alright
I'm moving too fast for my brain
Got to slow it all down
Stop time, try to stay between the lines
Red-blue, rear view, lines blurry
Got to slow it all down
Got to slow it all down
Got to slow it all down
Got to slow it all down
Got to slow it down

Stuck in a situation
My mind's still spinning

Block out the lights, drive through the night
Hope for an ending
Swerve left and right, blurring the lines
I can't see anyone, one
I can't see any-

Tell me I'm fine, I'm okay, I'm alright
I'm moving too fast for my brain
Got to slow it all down
Stop time, try to stay between the lines
Red-blue, rear view, lines blurry
Got to slow it all down
Got to slow it all down
Got to slow it all down
Got to slow it all down
Got to slow it down
