Bricks in the Stash  
Oh yeah... set  
Yeah  
Get somebody from BMF to talk on it, talk on it  
I might even put Blue on this bitch  
What?

Trying to watch porn with the blinds out  
Fuck around and find out  
You was chasing clout  
Clout  
Shit went south  
South  
Now you wanna pout  
Shut your fucking mouth  
You was warned

It's the-the-the... around and find out-the-th-  
that's what's happening right now

I don't feel sorry for you, nigga  
Fuck around and find out...

Point of no return  
Spit bars so dirty, I give the microphone ringworms  
Goofies never learn, hell forever burn  
Move to El Salvador before I serve another term, nigga  
You look stupid as fuck, like Muslims for Trump  
The weed smell like skunk  
Her pussy smell like mint chocolate chunk  
I rock the De La Dunks and gel  
They ThumpRecords.com, nigga, call it L.A. funk  
Don't whine  
Hard head make for a soft ass  
Told them to wear porcupine draws, hard pass  
Now he trying to sit  
With a thousand quills up his booty hole  
It's all bad  
Julio's body sense tingling  
My hair standing up like Coolio  
Death by studio, uh

Wave runners trying to hop on whatever look popping  
Pathetic  
Stay away from us  
With O-S-B-R  
Tell these bitches to scoop me  
Jabba the Blamma  
I'm just trying to put a hole in your hole  
W-H-O-L-E in your hole. Incomplete  
My whole Super Bowl streak passing Drake's career  
Now this the last dragon  
Nigga, I'm just rascrashing now  
Now please... come a little closer so I can eat your face  
Ah

Trying to watch porn with the blinds out

Fuck around and find out  
You was chasing clout  
Clout  
Shit went south  
South  
Now you wanna pout  
Shut your fucking mouth  
You was warned  
Don't blame us, it's all your fault  
Call might be coming from inside the house  
Woo  
Dumb nigga running out of time now  
Fuck around and find out

We are n-n-now...  
N-n-we are now entering the find out phase  
N-n-n-find out phase

N-n-  
They're eating the dogs  
The people that came in, they're eating the cats  
N-n-  
They're eating pets

We are n-n-now...  
N-n-are entering the find out phase  
N-n-  
Find out phase  
Pha- pha- phase  
N-find out phase

In other words...  
She fucked around  
And she found out

Trying to watch porn with the blinds out  
Fuck around and find out  
You was chasing clout  
Clout  
Shit went south  
South  
Now you wanna pout  
Shut your fucking mouth  
You was warned  
Don't blame us, it's all your fault  
Call might be coming from inside the house  
Woo!  
Dumb nigga running out of time now  
Fuck around and find out

Thought I told you that we won't stop  
I thought I told you that...  
Idiot thinks he knows everything  
T-t-thought I told you that we won't stop  
I thought I told y-y-th-that...  
'Cause he literally doesn't have enough knowledge to know better
