DJ Yutaka  
Ras Kass  
Lock it!

Yo! Yo!

Yo! It's a given that I'm taking  
No shorts, not even from midgets  
Spittin' cancer at your colon  
Fucked bitches to death - 367 trojans magnums killed her  
Wake up, her credit card is stolen!  
And it's a given that I don't give a fuck  
Like prostitutes, so show me the money!  
Money, living bummy?  
Oh! Ain't nothing funny, thunny  
Straight inflatable lemurs? and fedoras?, ya big dummy!  
Since a shortie, like Brasco?, my nose runny  
The Roscoe chicken 'n waffles, I chose money  
I rate flows, stank hoes and new Savannah Joes  
Bank rolls, Black snow and white crows  
I write prose for cons  
Dangerous minds  
Be in the hood like a rebuilt engine chillin with guns  
We ghetto fab, I rode the hog, I'll be the mothafuckin Fonz  
Now who rock Benetton sweaters and still racist?  
Ras, the illest!

See it's a given, what I expect to get  
Hiphop quotable every time that I spit  
And it's a given, what you cannot be  
That's me, mothafucka, the Water Proof MC  
And it's a given, what I expect to get  
Respect, money and bitches, nigga the whole shit!  
See it's a given, given, given...

And it's a given, that I ma get even  
Like adding odd numbers!  
Turn your wood-grain frame back to scrap lumber  
Your mac thunder boomerang like down under  
Slug ricochet off my chest, you catch underground slumber  
My underground sound got crews bouncing like Flubber  
I'm dumb nice, maybe Dumb and Dumber  
And selling couples used rubbers  
Like if I was pimpin pregnant women - a true mothafucking hustler  
My least dope rhyme outsprint drug runners in Hummers!  
A nigga backward hustled and started mugging muggers!  
So I love it when niggas ask me:  
"Ain't you Ras Kass?  
Kick it with dawgs with penitentiary scars?  
Who bear arms like grizzly claws?  
In German luxury cars?  
Chillin' in luxury spas?  
Expat bar menage a trois, hidin hoes bras?  
Ghetto Superstar like Pras, so fuck yours?  
Applause?  
Givin peace to the gods?

Didn't you say you split airwaves like 3D jaws?  
Don't your jaws Dominique Dawes across 46 bars?"  
Of course, "I am", like Nas!

See it's a given, what I expect to get  
Hiphop quotable every time that I spit  
And it's a given, what you cannot be  
That's me, mothafucka, the Water Proof MC  
And it's a given, what I expect to get  
Respect, money and bitches, nigga the whole shit!  
See it's a given, given, given...

See I don't give a fuck, and I ma get paid  
It's a given, I'm the illest emcee ever made  
I don't give a fuck, and I ma get paid  
It's a given, I'm the illest emcee ever made  
Nigga I don't give a fuck, and I ma get paid  
It's a given, I'm the illest emcee ever made

I'm the illest emcee ever made, made

See it's a given, what I expect to get  
Hiphop quotable every time that I spit  
And it's a given, what you cannot be  
That's me, mothafucka, the Water Proof MC  
And it's a given, what I expect to get  
Respect, money and bitches, nigga the whole shit!
