

# Strawberry

Ras Kass

Yeah, squeeze the juice out the headphones to this

Classic, I'm on my backpack ratchet  
Spillin' Jack Daniel's on my Bloodbath jacket  
Uh huh, that's called cross brandin'  
Like a little old lady with a rosary in her hand and  
Cheerin' Pope Fran while she standin' in the Vatican  
I'm coppin' Gucci sneakers, speakin' Latin up on Madison  
And 5th, Trayvon Martin hoodie on  
Fuck police, we singin' the sizzle piggy song  
Die piggy piggy, fry, bacon  
Kevin, degrees, 187  
Legend, Caesar with the half moon crescent  
Order the pheasant, throw scraps to the peasants  
But on a brighter note  
Bitch up on shrooms, he saw kaleidoscopes  
Shout out the rappers in my liner notes  
And all the fly ladies who vagina dope with pretty faces  
Love women too much to be racist  
Don Sterling got banned for life  
So fuck him and his wife  
Brown, black, or white, fuck what haters think  
'Cause last time I checked, all pussy is pink

Chocolate on the outside, strawberry on the inside  
Vanilla on the outside, strawberry on the inside  
Galletas on the outside, strawberry on the inside  
Gelato on the outside, strawberry on the inside  
Mochi on the outside, strawberry on the inside  
Yogurt on the outside, strawberry on the inside  
Mac Daddy with a stable, got bitches galore  
I walk in the room and drag my dick on the floor

Uh, and I walk with a bop  
New Years Eve every day, like the ball, she drop  
You funny niggas small as Hart  
Next bar; rap falls apart like malls with Blart  
Glass crashin' like Mazel Tov  
Chart to top, then I'm not fallin' off  
You could say that I fell on, was most underrated  
Had a nice list of some celeb chicks, I fornicated with  
Coming from Alaska  
Strawberry Shasta, yeah, I'm a bastard  
Rock yellow gold, to rep the Golden State  
Diego, Sac, to Fresno, the Golden Gate  
Ask my nigga Cleatus Mac, Ras P back east  
From flows to the hoes, Razy Kazy been a beast  
Red, yellow, brown, fuck what haters think  
'Cause last time I checked, all pussy is pink
