

Falling Upside Down

Rascal Flatts

There's no gravity up here
It's kind of hard to explain
Every time I'm holding you
It's like backwards rain - yeah

You lift me up like a kite on a string
Like a bird on newfound wings
So high on you, I'm floating and flying around
Your love is like fallin' upside down

You've got me so lightheaded
It's a dizzy mood
Spinning uncontrollably
And gaining altitude

Look at me
Used to be, I could keep my feet on the ground
When you said you could take me higher
You weren't playing around
(You weren't playing around)
