

## Right One Time

Rascal Flatts

Love's tough, let's get real,  
What else can make you feel that bad?  
If love was, it was a plane  
And went down in a ball of flames  
And crashed  
You wouldn't do that again

Love is a hopeless dream, it's kinda crazy  
Enough to keep you thinkin next time maybe  
Maybe, just maybe  
This time around might get it right  
And ya only gotta get it right one time  
One time

Now love rocks, rocks your world  
And it's good, it's so good, girl, I swear  
So come on, let's do this thing  
I'm in, baby don't be scared  
Yeah, let's go there

Love is a hopeless dream, it's kinda crazy  
Enough to keep you thinkin next time maybe  
Maybe, just maybe  
This time around might get it right  
And ya only gotta get it right one time

Maybe I'm crazy falling for you  
Maybe, just maybe  
Maybe it's true

Love is a hopeless dream, it's kinda crazy  
Enough to keep you thinkin next time maybe  
Maybe, just maybe

Love is a hopeless dream, it's kinda crazy  
Enough to keep you thinkin next time maybe  
Maybe, just maybe

It's a hopeless dream, it's kind of crazy,  
Keep you thinkin next time maybe,  
This time around might get it right  
And ya only gotta get it right one time  
Yeah, just one time  
Maybe this time around
