Roller Rink

Rascal Flatts

I've had enough of this
Baby, what you say, we slow it down a bit?
I'd take a break from the break neck pace
Maybe take a page from the good old days, yeah
Get ready baby, cause I'm takin' you out
On a trip back in time to the edge of town
We'd live it up with the laid back style
Do a little something we ain't done in a while

We gonna roll it on back to the roller rink
I'm talkin' old school, baby, tell me what do you think?
We gonna sip sip sip a little cherry coke
We be trip, trip, trippin' everywhere we go
We gonna roll it on back like it's '89
Get them butterflies flyin like it's junior high
We be kiss, kiss, kissin' as we spinnin' around
While the DJ spins a little Funkytown
Goin' back in time, baby you and me
We gonna roll it on back to the roller rink

We'll find a free [?]
Meet the disco ball shining down on the floor
Go with the flow and keepin' it real
Eatin' cheap hotdogs on a pair of four wheels
Ha ha ha ha!

We gonna roll it on back to the roller rink
I'm talkin' old school, baby, tell me what do you think?
We gonna sip sip sip a little cherry coke
We be trip, trip, trippin' everywhere we go
We gonna roll it on back like it's '89
Get them butterflies flyin like it's junior high
We be kiss, kiss, kissin' as we spinnin' around
While the DJ spins a little Funkytown
Goin' back in time, baby you and me
We gonna roll it on back to the roller rink

Let's get busy gettin' busy like a couple kids
And then go round and round and round again

We gonna roll it on back to the roller rink
I'm talkin' old school, baby, tell me what do you think?
We gonna sip sip sip a little cherry coke
We gonna roll it on back like it's '89
Get them butterflies flyin like it's junior high
We be kiss, kiss, kissin' as we spinnin' around
While the DJ spins a little Funkytown
Goin' back in time, baby you and me
We gonna roll it on back to the roller rink

We gonna roll it back
Hey
Like it's '89
Oh sip that cherry coke, baby
We gonna spin around
Get them butterflies flyin' like it's junior high
We be kiss, kiss, kissin' as we spinnin' around

While the DJ spins a little Funkytown
Goin' back in time, baby you and me
We gonna roll it on back to the roller rink
Yeah
We gonna roll it on back to the roller rink
