

Make It Hot

Rasheeda

D-Lo, upfront calab-o
Rasheeda, Akon
It don't stop
Yeah, we about to get sexy on babe
Put things down come on
Hahahahahahaha
I know you see me lookin at you

And I already know...

You wanna touch me (touch me)
I already know
You wanna touch me (touch me)
I already know boy

Wanna drop this thang off me
I know you thinkin bout leaving her
Boy you know my pedigree
Ain't nothin like them Atlanta girls

I make it do what it do
You wanna know if its true
You willin to make her cry
Cuz my body look extra fly

But I got my own Lamborghini
So you gotta do a lil more to see me
My pockets stay full stacked
Graduated from the Laundromat

You see me windin and grindin
Up on the floor
And I see you lookin at me
And I already know

You wanna touch me (touch me)
I already know
You wanna touch me (touch me)
I already know boy

I'm not your ordinary girl
I stay in designer jeans
Ill intrude your dreams
I perfected a walk so mean

So remember fore you touch it
I'm not wit that nonsense
My love like a convict (Uhh)
It'll shoot right through ya

Money in the air
So call me the catcher
You can talk about it
That don't mean Ima let cha

Bet cha wanna touch on it
Wanna pet the kitty kat

Baby you ain't had nothin better
Or wetter just call it Aquafina

I ain't like her
My style way meaner
Plus I got good credit
I own four cribs

Now lets move on to the next
I like big thangs
Like big checks
Like big Ohhhh
Love good sex
We can do it on the phone
Or do it via text

I ain't conceited
I'm just fly (Fly)
Call me the candle
Rasheeda so fiiire

You goin home late
Tellin ya girl lies cuz
You wanna touch me
And I can see why

You see me windin and grindin
Up on the floor
And I see you lookin at me
And I already know

You wanna touch me (touch me)

I already know boy
