

# Take It Slow

Rasheeda

We can get it on  
Let's take it slow  
Don't know where this may go  
I'm so out of control  
Why you rushin me actin like you lovin me  
Bottom line you just trynna get yoself on top of me

Why you movin so fast  
I just wanna take it slow  
Let's get to know eachotha boy  
I ain't with that hit and go  
You say you want a relationship  
Then shawty we can take our time  
I don't wanna feel no pressure  
Let's not rush it let just keep it tight

We can get it on  
Let's take it slow  
Don't know where this may go  
I'm so out of control  
Why you rushin me actin like you lovin me  
Bottom line you just trynna get yoself on top of me

You say you down why you trippin  
Cause most of ya'll still runnin game  
Flexin like you got it mann  
I see ya'll fools rockin them fake chains  
Off up in the club trynna get on anythang  
I be damn if I'm the one you play  
I got to know that what we got legit  
Until then I won't rush into shiit

We can get it on  
Let's take it slow  
Don't know where this may go  
I'm so out of control  
Why you rushin me actin like you lovin me  
Bottom line you just trynna get yoself on top of me

Let me find out you got some baby mommas  
Or you really live with yo girlfriend  
I can't be fallin for that okey doke  
Actin single when this yo otha crib  
The only way for me to know the truth  
Is if we work it at a steady paste  
If you a G like you say you is  
Then we can take this thang all the way

We can get it on  
Let's take it slow  
Don't know where this may go  
I'm so out of control  
Why you rushin me actin like you lovin me  
Bottom line you just trynna get yoself on top of me
