

Calling (Nighthawk) [Bonus Track]

Rasmus Seebach

've been around, i don't know what i'm lookin for
Hey , get another night out, i always want a little more

For way to long, i've been like a nighthawk
so many pretty faces in my city of the dark
feel like we're connected, though i see you from the far
Give me a sign, show me the light

Love is on a line, are you on the line too
There's a lot of static. Can you hear me
Love is on a line, are you on the line too
I'm falling in the night, and i'm screaming at the top of my love

I'm callin' your name
I'm callin' your name
Yes, I'm callin' your name
I'm callin' your name

Yes, I'm callin' your name
I'm callin' your name
Can you hear me callin' your name?
I'm callin' your name

Can you hear me callin' your name
I'm callin' your name
Give me a sign, tell me where you're
I'm lonley as a nighthawk
Give me a sign, tell me where you're
I'm lonley as a nighthawk

And once again, I'm alone in the crowded bar
Hey, I'm spendin all my money, still i dont know where you are
For way to long, i've been like a nighthawk
so many pretty girls in my city of the dark
feel like we're connected, though i see you from the far
Give me a sign, show me the light

Love is on a line, are you on the line too
There's a lot of static. Can you hear me
Love is on a line, are you on the line too
I'm falling in the night, and i'm screaming at the top of my love

I'm callin' your name
I'm callin' your name
Yes, I'm callin' your name
I'm callin' your name

Yes, I'm callin' your name
I'm callin' your name
Can you hear me callin' your name?
I'm callin' your name

Can you hear me callin' your name
I'm callin' your name
Give me a sign, tell me where you're
I'm lonley as a nighthawk
Give me a sign, tell me where you're

I'm lonley as a nighthawk

For way to long, i've been like a nighthawk
in my city of the dark
feel like we're connected, though i see you from the far
Give me a sign, show me the light

Callin your name
I'm callin your name
Yes i'm callin yor name
I'm callin'n...
I'm callin your name
I'm callin your name
Can you hear me callin your name
I'm callin your name

Hey give me a sign, tell me where you are
I'm lonley as a nighthawk (callin, callin)
Give me a sign tell me where you are
I'm lonley as a nighthawk
(I'm callin, callin ,callin)
