

# Bad Things

The Rasmus

I see a glow  
Coming from your window  
Two shadows dance  
And one ain't me  
I call the cops  
And tell them you're in trouble  
Blue flashing lights  
No apologies

It's amazing what you do for love  
You tell a lie till the truth starts lying  
Call 'em crazy when they call your bluff  
It ain't that tough

Come on  
Bad things you do for love  
Bad things you do for love  
Come on  
Bad things you do for love

I hacked your phone  
Don't worry, cause I'm harmless  
Just wanna know  
Where you're gonna go  
Hello, hello  
Fancy seeing you here

It's amazing what you do for love  
You tell a lie till the truth starts dying  
Call 'em crazy when they call your bluff  
It ain't that tough

Come on  
Bad things you do for love  
Bad things you do for love  
Come on  
Bad things you do for love  
Bad things  
Bad things

It's amazing what you do for love  
You tell a lie till the truth starts lying  
Call 'em crazy when they call your bluff  
It ain't that tough

Come on  
Bad things you do for love  
Bad things you do for love  
Come on  
Bad things you do for love  
Bad things  
Bad things

Come on  
Bad things you do for love  
Come on  
Bad things you do for love

Come on  
Bad things you do for love  
Bad things
