

BUMPY ROAD

RAT BOY

Kick a man when he's down that seems to be your style
Down the station they got your name upon a file
It's all to sinister when you try to fucking smile
Only a matter of time before you hit the trial

Time and time again he got caught shop lifting
He had a black hoody that he always lived in
There's something deep and dark lurking inside of him
It's hard to explain cause the boy was so thick skinned
On the night that it happened where had it been
From the days leading up to what we've all seen
I swear I saw it coming I ain't even joking
The family house went up and it went down burning

This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble
This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble

I know your gonna bite like a swamp crocodile
They'll be leading you into a cage in single file
By by mr won't see you for a while
On a one way ticket to the next juvenile

This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble
This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble

This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble
This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble

This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble
This life's a bumpy road
It's a bumpy road
Watch you don't get caught in the rubble
This life's a heavy load
It's a heavy load
Watch you don't get caught in the rubble

It's a heavy load
