Dad's Crashed Car

RAT BOY

I ain't ever going home, I crashed dad's car into uncle
Now I'm sitting here alone, again
A feeling I cannot explain, as my hurt fills up with rain
It's like I'm dripping on my front, again

Got nothing left but I'm alright
Couch surfing like every night
I don't give a fuck, as long as I got me

It's been alright just knowing you
You're messed up, but I am too
I'm just tripping on my own again

Me and you, we're like two
We're like two
Me and you, we're like two
That's true

A distant thought goes through my mind
Alone, I roam across these lines
Let life lead me to the places I don't know

Hand in hand, we'll make it through
You're the voice I always knew
You got my back, 'cause it's the one that's attached to you

Me and you, we're like two
We're like two
Me and you, we're like two
That's true

I know what you're thinking, it's like we're sinking
And people say I've given up, but we don't give a fuck
I know what you're thinking, it's like we're sinking
And people say I've given up, but we don't give a fuck

Me and you, we're like two

Me and you, we're like two
That's true
We're like two
