

# Lovers Law

RAT BOY

(Stabbed me in the back...)

Hold me down to this place I knew before  
Before the lovers took me beneath the law  
Oh, it's raw  
Oh, it's raw  
There's something you're not telling me  
So tell me while you can  
There's something you're not telling me  
So tell me while you can

Stabbed me in the back  
Can't deal with feelings like that  
Stabbed me in the back  
Can't feel feelings like that  
Stabbed me in the back  
Can't deal with feelings like that  
Stabbed me in the back

Listen up, you don't know what you're doing  
Sitting through a laugh, and I'm right away chewing  
Chewing on your face, looking for a place  
Oh my god, I think they tied man's lace  
But he's running down, down, running down the avenue  
What he don't know but he knows what to do  
But he didn't put it down when they set England up  
Really gone down what he knows best of, best of  
What he knows best of, best of  
'99, '98, '90-Kate... Moss

Stabbed me in the back  
Can't deal with feelings like that  
Stabbed me in the back  
Can't feel feelings like that  
Stabbed me in the back  
Can't deal with feelings like that  
Stabbed me in the back

Find your new skin  
Let your fears begin  
You and I will never win  
But baby, I am your twin  
Said something about evil  
But you're as sharp as needles  
You're one of a kind  
They're just the blind leading the blind  
The blind leading the blind  
The blind leading the... blind  
They're just the blind leading the blind

Stabbed me in the back  
Can't deal with feelings like that  
Stabbed me in the back  
Can't feel feelings like that  
Stabbed me in the back  
Can't deal with feelings like that  
Stabbed me in the back
