

# Night Creature

RAT BOY

I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep

Sup? Ringin' on my phone, just leave a message at the tone  
'Cause right now, I could be somewhere and get there on my own  
My backpack is snap-back, on the right track to the wrong place  
And I backtracked to the train, gathered my air bags and that's  
that

Luck in these streets with my feet on the concrete  
The whole world beneath me, I'm feelin' quite lonely  
Oh my God, that's two years gone, what the fuck is goin' on?  
Coppers in my bucket, I thought, "Damn, but I'm the youngest on  
e"

I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep

The grass is always greener on the other estate  
I'ma stay, guess it's fate, so what's up in this place?  
Where I'll pace myself, you know I hate my health  
I'm losin' control, but at the same time, fuck it  
Runnin' boy, let's go get free, fed up with these frenemies  
Always crushed by the police, countin' up my felonies  
Can't endure the heresy, we got our own remedies  
Struggle with identity, but we gon' have a legacy

I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
I don't sleep, I just creep  
I'm a night creature (Ooh, ooh)  
(Ooh, ooh)
