

REWIND

RAT BOY

Just one more night alone
And I might never come home
Because this place is tearing me apart
Just one more day with you
Might just get me past the blues
Because baby we should never be apart

And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind
And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind

I wish time could just rewind
I wish time could just rewind
I wish that you was still mine
I wish I could start again
I wish you were still my friend

Well don't say it's true
When you never really knew
The reasons for tearing this apart
Well I had time I grew
Maybe it's time you did too
Because baby
You can't go around breaking hearts nah

And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind
And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind

I wish time could just rewind
I wish time could just rewind
I wish that you was still mine
I wish I could start again
I wish you were still my friend

I wish time could just rewind
I wish that you was still mine
I wish I could start again
I wish you were still my friend

And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind
And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind

And I'm sorry if I let you down
I'm sorry for when I'm not around
Oh lately there's something on my mind
And I'm sorry if I let you down

I'm sorry for when I'm not around
Oh lately there's something on my mind
I wish time could just rewind
