

## Scum

RAT BOY

Kids hopping gates in public park gangs  
Tryna express themselves with no real plans  
Segways in alleyways, suffering in my own mind  
S-C-U-M, the used and abused  
Cold comes in through your smashed windows  
Leaving damp on the walls next to your pillows  
Never had much but you appreciate things better  
Ripping roaches out of the eviction letter

S-C-U-M  
Stealing cars under masks  
S-C-U-M  
Scummy cunts are using me  
S-C-U-M  
Stealing cars under masks  
S-C-U-M  
Scum

Well, there's fear when you drive off with a tear  
Leaving gravel scattered near  
Like you might disappear  
Leaving things left unclear  
I wish you'd really hear me out  
Instead of storming about  
Grabbing keys  
Baby, please don't leave

S-C-U-M  
Stealing cars under masks  
S-C-U-M  
Scummy cunts are using me  
S-C-U-M  
Stealing cars under masks  
S-C-U-M  
Scummy cunts are using me again

We always say the most hurtful things  
But never, never know why  
And I'm not sure that it's true, but  
It can't be no lie  
You want the last word  
And so do I

S-C-U-M  
Stealing cars under masks  
S-C-U-M  
Scummy cunts are using me  
S-C-U-M  
Stealing cars under masks  
S-C-U-M  
Scummy cunts are using me again

Dange...  
Dange...

S-C-U-M  
Stealing cars under masks

S-C-U-M

Scummy cunts are using me

S-C-U-M

Stealing cars under masks

S-C-U-M

Scummy cunts are using me again
