

So What

RAT BOY

(Hey, yo, Johnny, no, yeah (What?)
You're late every day
You know I'm making your burgers, right?
Flippin' that, the way your buns all over the place, boy
Go on, you're fired)

You know I lost my job (So what?)
Oh, fuck that job (So what?)
They don't care about us (So what?)
So we don't care about them (So what?)
Policemen stops (So what?)
Shakes me down (So what?)
Told me to leave (So what?)
Far outta town (So what?)

Boy is to my name, not enough to get away
So I'm stuck in a dead town, bound to the impound
Feel like goin' round and round in circles
Like a pinch-fit, full-time workhorse
Monday to Friday, try to get a payday
Headed for disaster like the oil on a raceway
Don't burn your life away to stick it in the ashtray
Don't take no delay, get down on the highway

You know I lost my job (So what?)
Oh, fuck that job (So what?)
They don't care about us (So what?)
So we don't care about them (So what?)
Policemen stops (So what?)
Shakes me down (So what?)
Told me to leave (So what?)
Far outta town (So what?)

So what I'm 'bout to do? Spend my time sniffin' glue?
What I get as takeaway, they take away your back-up pay
Don't know what to be, wait for day frequently
So what's my destiny? All I know's the enemy
Shoot for something, all or nothing, days I wait for my coffin
Coughin' up somethin' that goes down the wrong hole
So what's it gonna be? A lifetime of slummin', G?
Ain't no time here, like my name's a joke, see?

You know I lost my job (So what?)
Oh, fuck that job (So what?)
They don't care about us (So what?)
So we don't care about them (So what?)
Policemen stops (So what?)
Shakes me down (So what?)
Told me to leave (So what?)
Far outta town (So what?)

You know I lost my job (So what?)
Oh, fuck that job (So what?)
They don't care about us (So what?)
So we don't care about them (So what?)
Policemen stops (So what?)
Shakes me down (So what?)

Told me to leave (So what?)
Far outta town (So what?)
