

Never Really There

Ratcat

I'm not wasting time
I'm waiting for you
I'm not wasting time
I'm waiting here. (*2)
Every time I'm with you
I feel Happy
Then at times
I just don't think you care
Never know I'm really there
Turn me on and off
You drive me crazy
Turn me on and off
Now disappear. (*2)
Every time I'm with you
I feel Happy
Then at times
I just don't think you care
You never know I'm really there
Never really there
