```
(S.DAY)
She is my gasoline, she is my beauty queen.
She is my pussycat, when she says "love" that is that.
She is the fuel in my fire, she's a gas
and when I burn with her, I know I'll never last.
O0000000 N000000!
She is my modern witch, she makes my life O so rich.
She is my babydoll, and she has got it all.
She is the fuel in my fire, she's a gas
and when I burn with her, I know I'll never last.
O0000000 N000000!
She is my venus in leather, she is O so clever.
She is my atom bomb baby, and don't you know she drives me crazy
She is the fuel in my fire, she's a gas
and when I burn with her, I know I'll never last.
             O00000000 N000000!
              I'm on fire! (5x)
