

Oh my
There's something 'bout the look in your eyes
That says there's nowhere you would rather be
Than here with me in the sunshine, it's no lie
And I'm so high
I can't believe that you are all mine
This is more than just a run, I think you could be the one
I don't even think you know why, know why

But I need you
Every morning, every night
And when I see you
I am wholly loving life

Turn time
Every time I look in your eyes
You can read me like a melody
Ain't no symbol down in my mind, my mind
Do what you do, what you do, what you do
When you showed me too much
I never knew, never knew, never knew
'Til you showed me too much

That's why I need you
Every morning, every night
And when I see you
I am wholly loving life
That's why I need you
Every morning (every morning), every night (every night)
And when I see you
Oh, I am wholly loving life
That's why I need you
Oh, every morning (every morning), every night (every night)
And when I see you
Oh-oh, I am wholly loving life
Do what you do, what you do, what you do
When you showed me too much (showed me too much)
I never knew, never knew, never knew
'Til you showed me too much (showed me too much)
(That's why I need you) Do what you do, what you do, what you do
o
Showed me too much (showed me too much)
(That's why I need you) I never knew, never knew, never knew
'Til you showed me too much
