Ratking

See children  
What does it all mean?  
It means that dirty money never brings any luck, nah  
It only brings misery, despair, and disgrace  
Nahmsayin'?

I know Tribeca kids seen more bodies than a thug  
9/11 Yo this shit was bugged  
Two bugs splat assed under Brooklyn  
To a lot of cats looking back that's all it was  
Thinking that we won, Thinking that we done  
Dumb  
Tell that shit to my pops cus'  
What its like a city slicker gritty ripper  
Of silly stickers or city fixtures (what, what)  
A philly splitter  
Had to wait ass gravitate to a pretty figure  
Gave me wood rub and tug enough for fifty splinters  
All these little biddys up in my little bitty fingers  
We some mutts mick spic skinny niggas  
Say word if these words paint a pretty picture

So every mother with a stroller Eyeing me when I roll up  
Know your kids gonna be just like me when he grows up  
Just watch as he gets older saggy pants slang lang and ain't kosher  
Coming home late to dinner he ain't sober  
Don't blame it on the way that Wiki do's it  
New York will leave you gritty and foolish its our city influence  
The same stupid kids on your stoop getting zooted  
What you gonna do bitch? You don't wanna move bitch  
In a metropolis where its getting polished but its still ruthless

City Slicker, Gritty ripper  
Philly splitter, Guinea nigga  
Trouble in my eyes  
City fixture  
Say word if these words paint a pretty picture

You just an average ass cat with a gun they let you shoot  
Protecting who? Strictly for the revenue  
Always hear "Hey get over here!"  
Brings me total fear when it goes in my ear  
Even when I'm sober and clear  
Its like they see the trouble in my eyes  
I'm drunk so every cop I see double in my eyes  
Against the car thinking of my rebuttal but I'm high  
So I can't think of an enough subtle of a lie  
Who am I hurting? Why are you searching? Why are you  
Ruining my day? Aren't you learning?  
You don't make no difference just take those tickets  
Make your living taking his living

I hate it ain't with it, Nah  
My boy sold he got taken right in its  
Like I use to sell weed but it all went to my head  
Not for real though I smoked it all, ended up in debt  
Told my connect, robbed by some veteran that's vexed  
But I write on point my rhetorics the best  
With the soul of a five point resident and stressed  
Every time I spit a five point tenement gets [?]  
But that don't matter now pending for arrest  
Murdered some tourist who wouldn't lend me cigarettes  
Betting that I get  
Life in prison might be spitting bull shit if you like it listen hype the vi  
sion  
Hyper off that hypertension DT's got sniper vision I ain't kidding  
Block been hot since 9/11
