

Diamond Time Again

Ratt

Oh no! Here we go again
You're like a rattle snake
When all you do is take
You're like an earth quake
When all you do is shake

Diamond time again
You weren't so hard to find
Diamond time again
I'm gonna make you mine

You got that love me tender
Without struggle or strain
You're like an old go getter
Pleasure without the pain
Diamond time again
You weren't so hard to find
Diamond time again
I'm gonna make you mine

Now how can you mock this love affair
Now and how with tears in both our eyes

Diamond time again
You weren't so hard to find
Diamond time again
I'm gonna make you mine
