

# Never Use Love

Ratt

Hey!  
I`m gonna make my statement  
Don't need arrangements  
I said you`re not gonna make tracks  
All over my life  
When push comes to shove I`ll be pushin' you down  
Better think twice when you take that step  
that you got both feet on the ground

Never use love (never use love)  
Idon`t want to fight  
I won`t get in your way  
Don`t give me the right  
Never use love

I`ve gotta find my place  
Don`t need no replacements  
When you think you`re too much  
Then I`ve had enough, hell yeah!  
When push comes to shove I`ll be pushin' you down  
Better think twice when you take that step  
that you got both feet on the ground

Never use love (never use love)  
Idon`t want to fight  
I won`t get in your way  
Don`t give me the right  
Never use love (never use love)  
don`t want to fight  
Never use love

Never use love  
Never use love

Never use love  
Never use love  
Never use love

Never use love

Never use love
