

Carnations

Raury

Leaning on a
Leaning on a new
Leaning on a
Leaning on a new
Leaning on a
Leaning on a new
Leaning on a
Leaning on a new
Something new (new)
Something new (new)

I'm safe, I'm found
Unchained, I'm wild
Where the wind blows, I follow
Soul and all
You can lean on my body
Strong and tall
If the evils don't rest
Then why should I?
Lonely people forget
The fire hath died

Bury me whole
And watch me rise out the ashes
Bury me whole
And watch me rise out the ashes
Something new
Something new
Something you can lean on
Something you can lean on

Somewhere that I used to be
Oh, no, no (Oh, no, no)
Promised that it would be you and me
Oh, no, no (Oh, no, no)
Dreaming of carnations, dreaming of carnations
Different nations
Dreaming of carnations, dreaming of carnations
Different nations
(Wooh)
