

Father Time

Raury

Father, father
Father time
Save my soul, save my mind
Father time
Speak to me
Father time
Father time

The world around me is so blind
How can I keep my life?
Father, please
Speak to me
Father time
Father time

I'm not the only one
Talking of a mapless mission
Walking on a pathless road (aah-ha-ha-ha)
I take it easy, take a Deep dream from the D, sweetly
That's nice, that's sky, that's eye, everything suddenly
Is nice, so am I never low, never go, spreadily

I am not a man
Though I am a God
I don't understand
Did I learn too much?
Did I learn too much?
Did I learn too much?

Father time
Mother nature rise
Father time
And mother nature rise
(Ahhhhhhh-ahhhhhh-ahhhhhh)

I didn't mean to lose control
She is the lady of my heart
I will not heal me of my soul (ohhh)

Why are you changing?
Changing on me
What are you scared of?
Let me
I'll always love you
I must be free
Over the oceans with we
