

# Heatwave

Raury

Said, "I love you"  
More than nothing else  
I love you  
But I can't love you  
If I don't love myself  
Oh  
Said I  
Honey, I do babe  
I do  
Said, "I love"  
Who you really wanna be with out there?  
Is it really him or me  
Said, "I love, I love you girl"  
Baby, I do, honey, I do

Oh, yeah  
Boys and girls, you all hear that?  
It's a heatwave  
Heatwave going on outside  
So I walked to [?]  
Heatwave, heatwave, heat  
Not all survived  
Said, "I love"  
[?] to mother nature heatwave, heatwave  
Some must surrender

I got zero limits in your presence, I promise I'ma take your whole division  
[?], run it back like [?] you're not close to where the kid is  
I got zero limits in your presence, I promise I'ma take your whole division  
I ain't me, I ain't wit' it  
Follow me if you're wit' it  
I don't need an instrumental, I don't need a extra [?], all I needed was my  
mental, I don't need no residential, I don't need to wet no whistle, all I w  
ant is confidential  
I mean all I want is confidence  
I got a chick slobbin' it out of Providence  
I don't belong, do belong where I've probably been  
And you don't got to be mad, be monogamist  
I mean the option is, cup the ball, stroke the shaft, lick the top the shit  
Can't intoxicate, Andy Milonakis shit, got a little nauseous  
And now I'm back, this isn't in Atlanta, call my Uber hop in the back  
I hope you understand, I'm just a man and I've been distracted  
You with anotha nigga now and the more you try to strap with the gat in all  
black, as I mash on the gas it's all bad, Michale Jackson, I'm mad and I'm s  
ad bout' to crash 'cause I had it  
World is so cold as I'm older I know when I'm folding my shoulders  
Heart of Alaska, your ass in the van kick his ass on the ave and I blasted  
I blast 'em, I blast 'em, give a fuck what you did want you back on your mag  
net  
Not mad that you stagnant, not mad bout the static, not mad you're an addict  
But you became the Devil's advent  
After all the time my ass spent  
I never thought twice, my cahs spent  
Always came through when I knew you did not have rent  
Always kept a thick hoe back bent  
Peep game with the no glasses  
I graduated with no classes

I got flow hit like Cassius  
A free soul with no masters (Masters)
