

## Thneed

Raury

All this true love, is to you love  
Only you love, no confusion  
Hallelujah, hallelujah  
You're all that I need, the sweet fantasy  
Just me you my weed, just me you my weed

How they fool love, its so you love  
Drept in cute stuff, meant to rule stuff  
All I knew was, all I knew was  
She's all that I need, she's all that I see  
Quit running from me, are coming complete

(Are coming complete  
It's all in your sleep  
I wanted to [?]  
You're all that I need  
Just me and some thneed  
Just me and some thneed  
You're all that I need  
You wanted to please  
You're all that I need...)
