

## Close 2 U

Raveena

One mattress, few boxes  
You are moving too soon  
Wanna jar up these moments  
For the rest of my June  
Your place is empty so there's  
More room to dance  
I haven't kissed you enough  
This is my last chance

Don't leave so soon  
Too close to you  
Don't leave so soon  
Too close to you

You're in love with a singer  
So I sing you to bed  
Just like a little baby  
And I start to pretend  
You cannot leave tomorrow  
The summer's just begun  
You know we have our problems  
The distance ruins us

Don't leave so soon  
Too close to you  
Don't leave so soon  
Too close to you

Too close to you  
Too close to you  
Too close to you  
Too close to you  
Too close to you  
Too close to you
