

Floating

Raveena

Simple things
Always mean the most to me
Fruit stains
Mango in between your teeth

First ray of the morning
Shining in your hair
Mama greets the morning
With a simple prayer

Floating on by
My baby and I
Floating on by
The sun in our eyes

Floating real slowly
I feel like you know me so well
And baby, I know
Sugar sweet like you always do...
Love is better
Love is better
When we're together
When we're together

Floating on by
My baby and I
Floating on by
The sun in our eyes
Floating on by
My baby and I
Floating on by
The sun in our eyes

Don't come down...
