

Honey

Raveena

Winding down the evening
Record on repeat
A little wine
Mmm-mm...

Caught in my apartment
Not that rain is falling
But we need time
Mmm-mm...

You're milk and honey
A drink I drink before bed
Don't you feel lucky
That we can end the day like that?

Milk and honey
Warm and lovely
Milk and honey
Hmmm...

Milk and honey
Warm and lovely
Milk and honey (milk and honey)
Hmmm...

Love you make me feel it
Fantasy world in my room
Mmm-mm...

Six doves flying over
Waterfall falling through my roof
Mnm-mnm...

We are water and roses
I need you like I need air
Spoonful of sugar, yeah
My cup is fuller when you're there

Milk and honey
Warm and lovely
Milk and honey (milk and honey)
Hmmm...

Milk and honey (ooo-oooh)
Warm and lovely
Milk and honey
Hmmm...

[illegible]

You're honey, you're honey
