

# I Won't Mind

Raveena

Layin' in the moonlight glow  
When you get like this, I know  
You are now my man on the moon  
Everything it seemed just fine  
'Til the end of summer time  
You would start to pull away, in sadness

Let me hold you if you need  
I could give the energy  
Of a woman  
If you wanna free your mind  
Baby, we could make the time  
Don't you ever start to think I wouldn't

I know that you don't cry  
But I won't mind if you do  
If you do  
I know that you don't cry  
But I won't mind if you do  
If you need to

So tense and under pressure  
You feel like we need much better  
California dream house on the coast  
Always takin' care of me  
Darling, I have simple needs  
Let me write a song  
So you can see

Let me hold you if you need  
I could give the energy  
Of a woman  
If you wanna free your mind  
Baby, we could make the time  
Don't you ever start to think I wouldn't

I know that you don't cry  
But I won't mind if you do  
If you do  
I know that you don't cry  
But I won't mind if you do  
If you need to
