

# Junebug

Raveena

Little Dirty Dancer, call me a shapeshifter  
Iridiscent junebugs making love in the summertime  
Hold me closer, I got good at dancing  
Put on this red dress so could watch it from behind

You're so good to me  
Why do you leave?  
Why do you leave me?  
With the summertime (Summer, summer)  
With the summertime  
Yeah, yeah, yeah

I'm liking the taste  
The smell of your sweat and  
I couldn't be patient  
So sue me

Tiny town on island where the sky is hazy  
Woman in a sari hopping on a motorbike  
It's so romantic, I just want your hands on me  
Let out, hair get so curly from the beach's tide

You're so good to me (You're so good)  
Why do you leave?  
Why do you leave me?  
With the summertime (Summer)  
With the summertime  
Yeah, yeah, yeah

Party in the yard, sprinklers going off  
Woozy in some heat, some feelings never leave (What's up?)  
Thankful for the sun (Thankful for the sun), you and I make the love (What?)  
Daylight's almost done, time for ju-junebug

Look  
Think I'm only present for the summer, that's pretending me  
I'm not above it, we smother each other's energy  
I need a shield, I think about you to cover me  
I'm fighting demons, my inner peace can bob and weave  
I'm so in balance, I'm past the point of a pretty plea  
I'm makin' ends feel the Ms. when you pity me  
I'm not for charity, I'm not for—  
I'm not for openin' up  
I think my moment's up, I need the clairty  
I'm in the act like out in front to keep my inner peace  
The way you see me now, won't you see me when I leave  
Ride 'til I die, you keep me up like sativ  
Ball 'til we fall, stand tall, lowkey  
Baby, you are what I need like Biz Markie  
Hold up, hold up (Haha), hold up

You're so good to me  
Why do you leave? (Okay)  
Why do you leave me? (Uh)  
With the summertime (Okay)  
With the summertime (Woah, woah)  
Yeah, yeah, yeah

You're so good  
My little junebug, baby  
Come a little closer  
Come on and dance with me  
You're so good  
My little junebug, baby  
Come a little closer  
Yeah  
Yo, this is a troll
