

# Magic

Raveena

Hold me when I'm hurting  
We're magic, we're passionate  
Touch me like you mean it  
It's magic, I need it

Let me be your brown girl  
I wanna give my soul to you  
Know it's a fucked up world  
I'll keep you safe and you hold me, too

Hold me when I'm hurting  
We're magic, we're passionate  
Touch me like you mean it  
It's magic, I need it

Tell me what you want now I got you in my world  
Only get a queen if your heart is staying pure  
My hips, my thighs, my lips  
My mind, it's got you in a grip

Hold me when I'm hurting  
We're magic, we're passionate  
Touch me like you mean it  
It's magic, you need it

Mere sanaam mujhe dekho  
Sar se chunari sarkejo  
Mere sanaam mujhe dekho  
Sar se chunari sarkejo  
Dekhno na

Dekhno na  
Dekhno na
